NEWSLETTER

NOV 2026

A mathematician working alongside AI achieved yet another historic milestone this month by proving the Riemann Hypothesis. The use of AI is rising day by day. This made us pause and ask ourselves: are we truly thinking nowadays, or just prompting our days out? We present to you the November issue of the QUARKS newsletter based on the theme “Pause to Think”.

POETRY

Pause for a moment, let your thoughts wander, and watch them turn into poetry.

A child of royalty
